Dear Mr. Hankins:

As you know, we have moved into the new District Office Building at 5801 Wilson, and we would like to take this time to express our appreciation to you and your firm for the extra time and effort which you have put into this project in order to have it completed at this time. We sincerely appreciate the manner in which you have been able to work with our staff and with the architect in solving many of the problems which normally occur in a construction project.

I trust you and your staff will continue to work with Mr. O'Neill to solve the many small remaining problems in the building, but wanted to take this time to thank you for a job well done and to express my personal feeling that of all of the many contractors that have worked with The Junior College District in the last five or six years, your services to the District have been one of the most outstanding.

Continued best wishes throughout the year.

Sincerely yours,

John C. Robertson
Administrative Vice President
